TORONTO

DENTAL LIBRARY
124 EDWARD ST.
TORONTO 2

proudly presents

the 38th
ANNUAL WINTER CLINIC

Thursday, November 27, 1975

ROYAL YORK HOTEL

PLEASE BRING THIS PROGRAM WITH YOU

The Winter Clinic Committee is pleased to announce that the Academy of General Dentistry accepts the Toronto Academy of Dentistry Winter Clinic for accreditation.

The Toronto Academy has been assigned the number 440.

Please ask at the main desk where Academy members may have their course record forms completed.

SCRAP AMALGAM DRIVE

The Ladies' Auxiliary to the Academy of Dentistry will collect scrap Amalgam and scrap gold in February, 1976. If you have not been contacted and you wish to contribute to this worthy cause, please call. Anyone from out of town attending the Winter Clinic and who wishes to contribute, may bring their contributions at that time.

MRS. R. LUNDY — 231-9468

Plan now to attend ODA ANNUAL CONVENTION

NOTES

PRESIDENT'S WELCOME

Welcome to the 38th edition of the Toronto Academy of Dentistry Winter Clinic. Ron Anco and his crew have put together a great programme from which every Dentist, Hygienist and Dental Assistant can derive some benefit.

Register early. You will avoid the registration desk line-ups and you will put yourself in contention for one of the pre-registration prizes. We look forward to seeing you there.

Robert S. McKegney, D.D.S.

6:00 p.m.

HONORARY
LIFE MEMBERSHIP

Dr. Edgar A. White,
D.D.S., F.I.C.D.

Our honorary life member for 1975, Dr. Edgar White, is by birth a Boston Yankee but was perspicacious enough to move to Canada at an early age. He attended public and high schools

in Toronto and, before entering university, worked for the C.N. Express in the position of Claims Correspondent.

After graduation from the Faculty of Dentistry at the University of Toronto in 1926, he entered practice in Toronto and is still at it after 49 years.

He has been very active in organizations both within the profession and outside it. At various times he has been president of the Central Toronto Dental Society, The Toronto Academy of Dentistry, and the Ontario Dental Association. He has been Chairman of the Dental Public Health Committee of the O.D.A. and a member of the D.P.H. Committee of the C.D.A. He was on the clinical staff of the Dental Service at Toronto Western Hospital from 1926-46, being chief of that service for the last six years of that term.

At present he is a member of the Federation Dentaire Internationale, the Pierre Fauchard Academy, and the Canadian Society of Forensic Science, and an affiliate member of the American Dental Association. He is also Chairman of the Benevolence Committee of the O.D.A. and Registrar and Vice-President of the Canadian Section of the International College of Dentists.

He is Past Master of his Masonic Lodge, Past Warden of St. Thomas' Church, and Past Chairman, Camp Artaban, Bolton, Ontario.

He and his wife, Margaret, have a son, a daughter, and three grandchildren.

There will also be a presentation of "50 Year" Certificates

FELLOWSHIP HOUR
5:00 - 6:00 p.m. — Canadian Room

7:30 - 9:00 p.m.

Commercial Exhibits

Ballroom, Rooms A & B

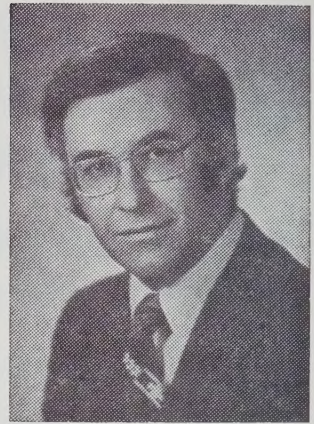

8:00 - 10:00 p.m.

Table Clinics

B.C., Quebec and Alberta Rooms

Coordinating Crown and Bridge Tooth Preparation With Effective Management of the Gingival Tissues

Milford B. Reiman, D.D.S.

Dr. Reiman graduated from the University of Buffalo School of Dentistry in 1961 following which he served with the United States Army Dental Corps until 1963 with the rank of Captain. He entered private practice in 1963 at West Seneca, New York and in 1969 was appointed a Voluntary Instructor in Clinical Dentistry at Buffalo. As well as his private practice and teaching, Dr. Reiman is on the attending dental staff of Meyer Memorial Hospital and the Rosa Coplon Home and Infirmary. He holds membership in the American Dental Association, the Academy of General Dentistry, Alpha Omega Fraternity, the Chicago Dental Society and the International Dental Study Club.

Synopsis:

Examination, diagnosis, treatment planning, tooth preparation, tissue management, impression procedures, and laboratory control are a chain of events in the crown and bridge clinical procedure, each aspect of which is dependent on all the others. This presentation will consider tissue management, the vital link between tooth preparation and impression making. A technique for gingival tissue management will be presented, which has advantages in facilitating tooth preparation and, in providing an adequate, temporary, dry subgingival space into which an elastic impression material may easily be flowed. Certain laboratory control procedures, pertinent to the discussion, will also be presented. Kodachrome slides will be used as illustrations.

Place: CONFEDERATION ROOM

Time: 9:30 - 11:30 a.m.

2:30 - 4:30 p.m.

Chairman — Dr. Ron Martin

Chairman — Dr. G. Perlmutter

Colour in Ceramic Dentistry

Michael E. Lucyk, D.D.S.

Synopsis:

The use of ceramics in dentistry is increasing at a rapid rate. An understanding of the science of colour will enable us to improve our shade selection technique. This will permit us to provide more aesthetically pleasing ceramic restoration for our patients.

Biography:

Dr. Lucyk graduated in 1940 from the University of Toronto and has practised in West Toronto since that time. He has lectured extensively on restorative dentistry and is the President-Elect of the Toronto Crown and Bridge Study Club.

Place: TERRITORIES ROOM

**Time: 9:30 - 11:30 a.m.
2:30 - 4:30 p.m.**

**Chairman — Dr. Ed. Jurczak
Chairman — Dr. J. Kiproff**

Income Tax Planning — Present & Future

Martin Chasson, C.A.

Synopsis:

The presentation will review planning to maximize income tax savings for the dentist, as well as cover the most recent tax changes, i.e. wife owned R.R.S.P.'s; R.O.S.P.'s; interest and dividend deductions; management corporations.

Biography:

Martin Chasson earned his Chartered Accountant's degree in 1961, obtaining the Clarkson prize for the second highest standing in the Province of Ontario. He is a partner in the public accounting firm of Skurka, Chasson & Company, Toronto. He has lectured to the Academy's Winter Clinic when the 1972 tax reform act was introduced and has given tax seminars to other professional groups.

Place: TUDOR ROOM

**Time: 9:30 - 11:30 a.m.
2:30 - 4:30 p.m.**

**Chairman — Dr. H. I. Kershen
Chairman — Dr. H. Orfus**

Hospital Dentistry For The General Practitioner

Synopsis:

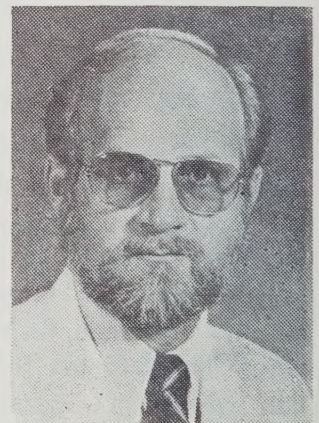

The presentation will cover the important aspects of hospital dentistry as they relate to general practice. An attempt will be made to cover the guidelines for hospital dentistry, how to organize a dental section in the hospital, hospital administration committees and bylaws, medical-dental staff standards and privileges.

Members of the panel will try to discuss hospital orders, pre- and post operatively, dental reports and procedures for In-patient and Out-patient admission.

The members of the committee shall present these various aspects and allow a good portion of their time for an informal question period. This is a good time for members of the dental community who use hospital facilities and those who wish to utilize them to get together and exchange ideas for the betterment of dentistry within the hospital.

Moderator: Dr. Ian Schofield, D.D.S., F.R.C.D.(C)

Dr. Ian Schofield received his D.D.S. from the University of Toronto in 1956, his Diploma in Oral Surgery and Anaesthesia in 1964, and his Fellowship in The Royal College of Dentists of Canada in 1967. He is an Associate Professor in the Department of Oral Surgery, The University of Western Ontario, London, and an active staff member of the University Hospital in London, and in part-time private practice.

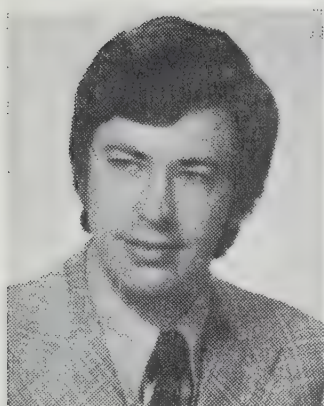

Place: QUEBEC ROOM

Time: 9:30 - 11:30 a.m.

2:30 - 4:30 p.m.

Gerald Baker, D.D.S., M.S., F.R.C.D.(C)

Diplomate, American Bd. Oral Surgery

Dr. Baker graduated from the University of Toronto Faculty of Dentistry in 1964 and from the University of Illinois in Oral Surgery in 1968. He is a Diplomate of the American Board of Oral Surgery and a Fellow of the Royal College of Dentists of Canada (Oral Surgery). Dr. Baker is in private practice of Oral Surgery in Toronto and Bramalea and an associate in Dentistry on staff of the Department of Oral Pathology in the Faculty of Dentistry, Toronto. He is on the oral surgery staff at Mount Sinai, General and Northwestern General hospitals and is Chief of Dental Department at Peel Memorial Hospital.

Ralph I. Brooke, B.Ch.D., L.D.S., F.D.S., R.C.S., M.R.C.P., L.R.C.S.

Dr. Brooke graduated from the University of Leeds in Dentistry in 1957 and in Medicine in 1963. He received a fellowship in Dental Surgery, Royal College of Surgeons of England in 1967 and became a Visiting Professor in the Department of Oral Medicine, State University of New York at Buffalo in the period 1970-71. In 1973 Dr. Brooke received his Ontario certification in Oral Pathology and a fellowship in the Canadian Academy of Oral Pathology. His present appointments consist of: Professor and Chairman, Department of Oral Medicine, University of Western Ontario; Chief of Dentistry, University Hospital, London, Ontario; Honorary Lecturer, Department of Medicine, University of Western Ontario; Honorary Lecturer, Department of Pathology, University of Western Ontario; Consultant in Medicine, University Hospital, London; Consultant in Dentistry, St. Joseph's Hospital and Victoria Hospital, London.

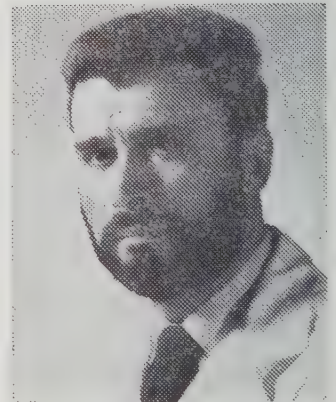

**James H. P. Main, B.D.S., Ph.D.,
F.D.S.R.C.S.E., M.R.C.Path.**

Dr. Main is a Professor in the Department of Oral Medicine and Pathology of the Faculty of Dentistry at the University of Toronto, and Head of the Department of Dentistry at Sunnybrook Medical Centre. He has been Chairman of the Faculty Hospital Services Committee since 1972. He graduated in dentistry from the University of Edinburgh in 1955 and subsequently studied at Northwestern University, Chicago. His professional experience includes periods in France, the U.K., the U.S.A. and Canada.

C. O. Munroe, M.D., B.Ch.D., F.D.S.R.C.S.(Eng.)

At present Dr. Munroe is Dentist-in-chief of the dental department of Mount Sinai Hospital. He graduated in dentistry from the Royal University of Malta in 1957 and has experienced a wide range of further study relating to Oral Surgery in Malta, Eastman Dental Hospital and Royal College of Surgeons in London. Further teaching in Malta, an M.D. degree, and a study of Scandinavian dental schools led to his coming to Canada in 1971 to the Faculty of Dentistry as Associate Professor of Oral Medicine.

Periodontal Diseases In Children

Melvyn A. Kay, D.D.S.

Synopsis:

The topic covers normal and abnormal features of the gingivae in young preschoolers to gingival conditions in young adolescents. Some discussion will be given to the effects of illness and systemic diseases on the gingivae.

Biography:

Dr. Kay graduated from the Faculty of Dentistry, University of Toronto in 1965. He engaged in general practice for two years, then commenced a two-year graduate programme in Dentistry for Children at the University of Toronto. In 1969, after completing the programme, he opened his office to practise his specialty in Toronto. He is on staff at the Sick Children's and Branson Hospitals, is an Associate in Dentistry with the Department of Pathology at the University of Toronto. He is also a past consultant to Bloorview Hospital. Dr. Kay is now president of the Ontario Society of Paedodontists.

Place: CONFEDERATION No. 3

Time: 9:30 - 10:30 a.m.
2:30 - 3:30 p.m.

Chairman — Dr. R. Gold
Chairman — Dr. A. Godfrey

Endosseous Blade Implants As Abutment For Fixed Prosthetic Restoration

Joseph S. Druck, D.D.S.

Synopsis:

An illustrated discussion clinic, projecting in selected cases, the reasons for, and the technique of, employing the Linkow Blade in the broad field of restorative dentistry.

Discussion will include the use of the Linkow Blades as abutments in bi- or unilateral fixed bridge prosthesis, as supporting structures in edentulous spaces between periodontally involved teeth. Their use in the edentulous maxilla and mandible; and in the atypical situations involving anatomical structures, such as the nasal floor, and maxillary antrum, and the inferior dental nerve.

Diagnosis, treatment planning and surgical technique will be discussed.

Biography:

Dr. Druck graduated from the University of Toronto in 1964. He is on part-time clinical staff at the faculty of Dentistry.

Dr. Druck was a featured guest clinician at the Premier Congress of Oral Implantology held in Paris, France, October 1972. Dr. Druck has presented clinics to Canadian Dental Societies and seminars to many study groups.

Place: B.C. ROOM

Time: 9:30 - 10:30 a.m.
2:30 - 3:30 p.m.

Chairman — Dr. R. Bell
Chairman — Dr. B. Kafka

Nitrous Oxide — Myth and Misconceptions For Sale Or Ignorance Is NOT Bliss

Gary E. Pitkin, D.D.S. and Howard Dexter, D.D.S.

Synopsis:

In the past, nitrous-oxide and oxygen relative analgesia or psychoseda-tion techniques have, for a time, enjoyed enthusiastic professional popularity only to fall into disuse shortly thereafter. Dr. Pitkin and Dr. Dexter believe this has been due chiefly to incorrect techniques and expectation objectives on the part of the practitioner. It is imperative that we understand exactly what the modality is capable of doing, both for the patient and the dentist, if he is to enjoy its benefits fully. Misunderstandings run rampant with regards to this fine patient control medium and it is hoped that this presen-tation, utilizing audio-visual aids, will clear them up sufficiently to engender in the audience a new enthusiasm for what nitrous-oxide can achieve.

Gary E. Pitkin, D.D.S.

Biography:

Dr. Pitkin graduated in 1966 from the University of Toronto with a D.D.S. degree. At present, he is in general practice in Agincourt with special emphasis on crown and bridge and nitrous oxide psychosedation. He is a past president of the East Toronto Dental Society and of the Toronto Anal-gesia and Sedation Study Club. Dr. Pitkin holds memberships in the O.D.A., Chicago Dental Society, American and National Analgesia Societies, Ameri-can Society of Clinical Hypnosis and the Toronto Radiodontic Study Club. He has lectured on nitrous-oxide psychosedation, hypnosis and expanded duty dental assistants throughout Ontario and the United States.

Howard Dexter, D.D.S.

Biography:

Dr. Dexter graduated in 1969 from the University of Toronto with a D.D.S. degree. He holds memberships in the O.D.A., C.D.A., the Analgesia Study Club, Chicago Dental Society, American Society of Dentistry for Children and is a "full member" accepting referrals of the American Society of Clinical Hypnosis. He has lectured on Hypnosis and Analgesia through Ontario and the United States.

Dr. Dexter is in a Malton group practice oriented towards prevention, rehabilitation and psychological aspects of dentistry.

Place: MANITOBA ROOM

**Time: 9:30 - 10:30 a.m.
2:30 - 3:30 p.m.**

**Chairman — Dr. K. Kay
Chairman — Dr. R. Agar**

New Concepts In Activator And Frankel Appliance Therapy In Orthodontic Guidance Procedures

Donald G. Woodside, B.Sc., D.D.S., M.Sc.(D), F.R.C.D.(C)
American Bd. of Ortho. Cert.

Synopsis:

New concept of functional appliance therapy utilizing both the activator and the Frankel appliance in the correction of malocclusion will be discussed. Alterations in bite registration required to produce control of the alveolus and to achieve orthopaedic effects in the midfacial area will also be illustrated and discussed.

Biography:

Dr. Woodside received a D.D.S. degree from Dalhousie University in 1952 and an M.Sc.D. from the University of Toronto in 1956. He is a Fellow in the Royal College of Dentists of Canada and has been certified by the American Board of Orthodontics. He has taught in the Department of Orthodontics at the University of Toronto since 1955, and, at present, is Professor and Chairman of that department as well as conducting a private practice in North Toronto. Dr. Woodside has received many research grants in facial growth and holds many consultant positions.

Place: ALBERTA ROOM

Time: 9:30 - 10:30 a.m.
2:30 - 3:30 p.m.

Chairman — Dr. P. Levin

Chairman — Dr. M. Cooper

Uses For Acid Etch Technique In Restorative Procedures

Noble Hori, D.D.S.

Synopsis:

With the advent of acid etch techniques, the dentist today can incorporate a more conservative approach to many of his everyday problems which only a few years ago would have involved gross hard tissue surgery or very involved and complicated preparations with marginal results.

Biography:

Dr. Noble Hori graduated from the University of Toronto in 1952. He lectured at the University of Toronto from 1956-1960 in the Crown and Bridge Department and was associated with the Toronto General Hospital from 1952-1959.

Presently in general practice in Toronto, he is a charter member of the Canadian Academy of Prosthodontics, member of the Francis Vedder Society, Alpha Omega Fraternity and the Academy of General Dentistry.

Place: ALBERTA ROOM

Time: 10:45 - 11:45 a.m.
3:45 - 4:45 p.m.

Chairman — Dr. D. Cowan

Chairman — Dr. A. Wallace

Electrosurgery In Restorative Dentistry

Robert S. Edwards, D.D.S.

Synopsis:

This clinic will demonstrate usefulness and scope of electrosurgery in general practice. Some of the specific procedures to be discussed will be removal of hypertrophied tissue, control of bleeding, tissue control, periodontal procedures, endodontics and crown and bridge procedures.

Biography:

Dr. Edwards graduated from the University of Toronto in 1968 with a D.D.S. degree. He is in private practice in North Toronto and has lectured on electrosurgery in New York, Detroit, Miami, Toronto and Chicago.

Place: CONFEDERATION No. 3

Time: 10:45 - 11:45 a.m.

3:45 - 4:45 p.m.

Chairman — Dr. Grant Joyner

Chairman — Dr. Mark Panzer

Rationale Of Basic Endodontic Procedures

Jerry S. Smith, D.D.S., F.R.C.D.(C)

Synopsis:

The fundamental reasons for most of our endodontic procedures are constantly being challenged and re-evaluated. No longer do we assume that adherence to the principles of the endodontic triad will automatically bring success.

An attempt will be made to assess our current procedural techniques in light of recent investigations.

Biography:

Dr. Smith received his D.D.S. degree from the University of Toronto, Faculty of Dentistry in 1961, and his certificate in Endodontics from the University of Pennsylvania in 1965. He received his Fellowship in The Royal College of Dentists of Canada and became a Diplomate of the American Board of Endodontists in 1969. He is a member of the Canadian Academy of Endodontics and the American Association of Endodontists, and is engaged in dental research at the University of Toronto. His practice is limited to endodontics.

Place: B.C. ROOM

Time: 10:45 - 11:45 a.m.

3:45 - 4:45 p.m.

Chairman — Dr. A. Freedman

Chairman — Dr. Norm. Kapitan

Mucogingival Therapy For The General Practitioner

**Kenneth L. Hershenfield, B.Sc., D.D.S., M.Sc.D., and
Russell A. Leve, B.Sc., D.D.S., Ed.M.**

Synopsis:

Over the last fifteen years periodontists have become more adept at managing the inflammatory process extending into the alveolar mucosa (beyond the boundary of the attached gingiva).

The purpose of this presentation is to provide general practitioners with the biological principles necessary for the proper diagnosis, prevention, and treatment of muco-gingival lesions.

Emphasis will also be placed on the applicability and predictability of the various modalities of therapy.

Dr. K. L. Hershenfield

Biography:

Dr. Hershenfield graduated with a D.D.S. from McGill University in 1972. He then commenced periodontal specialty training at the Boston University School of Graduate Dentistry, completing the programme and receiving a Certificate of Advanced Graduate Study and an M.Sc.D. in Periodontology in 1974. Dr. Hershenfield is presently in private periodontal practice in Willowdale.

Dr. R. A. Leve

Biography:

Dr. Leve graduated with a D.D.S. from McGill University in 1971. He received his periodontal specialty training at Temple University, Philadelphia, completing the program in 1973 and receiving his Ed.M. in 1975. Dr. Leve has held the position of Assistant Professor of Periodontics at Temple University and is presently a Clinical Demonstrator at the University of Toronto, on the Dental staff at Mount Sinai Hospital, and in private periodontal practice in Toronto.

Place: MANITOBA ROOM

Time: 10:45 - 11:45 a.m.

3:45 - 4:45 p.m.

Chairman — Dr. Terry Shapero

Chairman — Dr. Gerry Solomon
